## What is Premium Cover?

Insurance that pays your total premiums needed to continue your policy if you become disabled, are made redundant, declared bankrupt or if your company goes into liquidation.

## Why do you need Premium Cover?

If you were to become disabled and unable to earn an income, then your financial priorities would change. If you have the right insurance in place you shouldn't have to tighten your purse strings too much. Premium Cover assists you by paying for the cost of your policy for the entire time you are on claim, meaning you have one less thing to budget for.

Premium Cover is an integral part of Income Cover and Mortgage Repayment Cover but it's just as important to have alongside all of our other Assurance Extra Covers such as:

- › Life Cover and Life Income Cover
- › Trauma Cover
- › Complete Disablement Cover.

Regardless of the covers you choose, Premium Cover will pay your premium should you become disabled, be made redundant or bankrupt or if your company goes into liquidation.

If I became disabled could I afford to continue paying my insurance premiums to ensure my insurance cover remained in place for me and my family?

If 'no', then now is a good time to talk to your financial adviser.

## Built-in benefits

Premium Cover provides several benefits that are built-in to your cover including:

Benefit	What is it?	How it works	Why it's important
<b>Disability Benefit</b>	Your total premiums will be paid for if you become disabled.	If you've been totally disabled or partially disabled during the waiting period and remain totally disabled or return to work with a partial disability, where an illness or injury causes you to be unable to earn more than 75 percent of your pre-disability income from your pre-disability occupation, this benefit will pay for the regular total premiums needed to continue your policy.	Relieves you and your family of the financial responsibility of paying your premium during your treatment and recovery, or while you ease back into work.
<b>Redundancy, Bankruptcy and Liquidation Benefit</b>	Your total premium will be paid if you are made redundant, declared bankrupt or if your company goes into liquidation.	If you were made redundant, declared bankrupt or your company goes into liquidation for at least the waiting period, this benefit will continue to pay for the total premium on your policy for up to 6 months or until you return to work (whichever happens first).	Ensures that your policy remains in force in the event you lose your job or are made bankrupt.
<b>Bereavement Loyalty Benefit</b>	If you die, your total premiums will be paid for the remaining lives assured on the policy for up to 2 years.	If you die, this benefit will pay for the total premium for the remaining lives assured on the policy for up to 2 years.  This benefit is only available when your policy has been in force for at least 3 years in a row.	Reassurance that if the worst was to happen, your family will still be covered after you've gone.
<b>Recurrent Disability Benefit</b>	Waiver of your waiting period if your disability returns within 12 months of going off claim.	If you become totally disabled or partially disabled again because of the same illness or injury within 12 months of the original Disability Benefit claim ending, your waiting period will be waived and your claim for the same illness or injury will be assessed as a continuing claim on the original Disability Benefit claim.	If you suffer a recurrence of the same disability you would not have to wait out the period again.
